ABOUT ME

I aspire to join an innovative organization that encourages creativity, continuous learning, and personal growth. I am eager to apply my human resources knowledge and skills in a meaningful way. A startup environment excites me due to its fast-paced nature and the opportunity for hands-on experience. I value collaboration and look forward to contributing to building strong teams and positive workplace culture.

EDUCATION

SWAMI VIVEKANANDA MATRIC HR. SEC SCHOOL

2020 - 2021

Completed SSLC

SWAMI VIVEKANANDA MATRIC HR. SEC SCHOOL

2022 - 2023

Completed HSC - 83%

KONGU ENGINEERING COLLEGE

2023 - 2027

BE Computer Science and
Engineering

PROJECTS

FARMER ACTIVITY MANAGEMENT

Software | Php | HTML | CSS | SQL

The app helps farmers save time and manage tasks efficiently with features like crop planning, expense tracking, fertilizer and watering reminders, and profit/loss calculation. It also manages cattle records, milk production, and vaccinations, and notifies ideal weather for drying turmeric.

RENT EASE

Software | ReactJS | NodeJS | ExpressJS | MongoDB

Developed a rental website where admins can add house details, including images, rent, location, and contact information. Tenants can log in, search for houses, and directly contact property owners. Implemented a user-friendly interface for seamless property browsing and communication.

SKILLS

- C, Java, python
- Javascript
- MongoDB
- Github
- UI/UX

PAPER AND PROJECT PRESENTATION

Presented a paper on **"SmartDesk"** at Coimbatore Institute of Technology.

Presented a paper on **"Farmer Activity Management"** at Kongu Engineering College.

Presented a project on **"Companion Stick"** at Kongu Engineering College.

AREA OF INTEREST

- Full Stack
- DBMS
- Machine Learning

CERTIFICATION

Completed Global certification on **"MongoDB Associative Developer"**
